WORK EXPERIENCE

Booz Allen Hamilton   **Jan. 2023 – Present**
Senior Data Engineer Consultant   *Remote*

Humu   **Aug. 2022 – Nov. 2022**
Data Science Intern   *Remote*
- Designed and developed efficient, production quality SQL using dbt.
- Worked with CRM data to study possible predictors of customer health.
- Provided insights into product usage using python and Google BigQuery.
- Applied analytic and Six Sigma expertise to improve business processes and customer experience outcomes.

Cox Communications   **Aug. 2021 – Aug. 2022**
Credit, Fraud, & Risk Analyst Intern   *Atlanta, GA*
- Conducted exploratory analysis that identified $8M in annual fraud. Then built a corresponding Tableau dashboard that effectively communicated findings to executive audience.
- Analyzed outlier data using Microsoft Excel Pivot Tables and V-Lookups
- Led the development of a business report automation process that reduced report generation time from 4 hours to 15 minutes.
- Managed projects that improve business operations through data analysis, Lean Six Signa, and research. Also providing solutions to business partners.
- Trusted to conduct various ad hoc analyses requiring the use of Oracle SQL and Microsoft SQL Server
  - Utilized functions such as JOINS, WHERE, and GROUP BY

United States Navy   **Apr. 2019 – Apr. 2020**
Production Supervisor   *Norfolk, VA*
- Successfully managed a team of 15 technicians. Increased productivity of 30% through improving our end-to-end service procedures.
- Optimized efficiencies by implementing Lean Six Sigma methods such as 5S that drove efforts to transform the work center, reducing waste and downtime by 25% and increase production availability by 30%.

United States Navy   **Jan. 2017 – Apr. 2020**
Calibration Technician   *Norfolk, VA*
- Repaired various equipment such as radio frequency device, physical / dimensional which increased usable inventory from 50% to 80%.
- Determined appropriate limits / tolerances and set calibration frequencies for new and existing equipment through effective communication with the administrators.

EDUCATION

Kennesaw State University   **Jun. 2020 – December 2022**
B.S. Industrial Engineering Technology   *Marietta, GA*
